BVN/SS/Cir/66/2018-19  
Dear Parent,

12<sup>th</sup> April, 2018

We are pleased to announce the commencement of Empowerment Classes for the students of Class X with the primary focus towards the NTSE (National Talent Search Examination). Around 1000 students are finally awarded NTS scholarships based on two stages of the NTS examination. The tag "NTSE scholar" commands tremendous respect. Though the original objective of providing financial assistance to the students has very little meaning left today, the prestige associated with being an "NTSE SCHOLAR" is worth striving for. When a student prepares for NTSE, the student learns in-depth applications of the concepts of Sciences, Social Sciences and Mathematics. Preparation for this test will also help the student to arrive at an honest assessment of one's analytical and academic skills. The preparation for the exam will be of great help to students who wish to prepare for engineering, medical and also other aptitude based school leaving examination like law entrance, SAT, BBA, etc.

The classes will be held on **Saturdays (8:00am-10:00am)**. Five three hour mock tests will be held from the month of July '18 to November '18. *Parents will have to make their own arrangements for transportation of students to and from these classes.* The classes for the NTSE module will start in the 4<sup>th</sup> week of April '18 and continue till November '18 when the first stage of the NTS exam is conducted. After the NTSE exam there would be a **Head Start Module for the students opting for the NTSE program. This module is not compulsory.** A brief description of the module is enclosed. Please return the enclosed enrollment form duly filled and signed, if you want your ward to take the exam and avail of the facility provided by the school by **17<sup>th</sup> April 2018**. The form along with the fee in full has to be submitted **to the respective Class teachers**. For any clarifications please contact **the school NTSE coordinator Mrs. Shweta Sharma**.

I would welcome any suggestions that you might have in this regard. This initiative will only be successful with your cooperation.

Yours sincerely

  
Principal 12/4/18

**NTSE CLASS X**

<b>NTSE module</b>	Classes once a week on Saturdays or after school hours. Classes will be held from May – November 2018. One mock test per month from July – November. Total of 5 mock tests Approximately 50 hours	<b>Fee : Rs.21,500/-</b>
<b>Head-start module</b>	The objective of the head-start module is to prime the students for the increased workload in Class 11. The Module will predominantly focus on Mathematics and Physics and a bit of Chemistry. In Physics the focus will be on Mechanics, in Mathematics Trigonometry, Coordinate geometry and rudiments of logarithms and calculus (especially the application to Physics). In Chemistry the basics of atomic structure will be covered. The objective is to enable the students to make a smooth transition to Class 11 and not be cowed down by seemingly large course content. Classes will be held on Saturdays starting the week after NTS exam is held and till December 2018. Approximately 20 hours	<b>Fee : Rs.7,500/-</b>
<b>TOTAL</b>		<b>Rs.24,000 if the student opts for both the modules</b>
<b>NTSE Test Series</b>	Student can appear for monthly tests from July – November. (A total of 5 three hour mock tests) This module is primarily meant for students who are either preparing by themselves or have already enrolled elsewhere and would like to have an assessment of their preparations	<b>Rs.6,000</b>

**NTSE – CLASS X**

**Background Information**

The examination comprises of Two Levels:

**Level I.** State Level Examination (written) : conducted by respective state directorate of education normally in November each year

**Level II :** National Level Examination (written): conducted by NCERT for shortlisted students in Stage I. The pattern of examination is similar for both the stages (till last year)\*{some changes expected this year}

Test	Duration	Questions (Marks)
English Language Test	45 minutes	50
Mental Ability Test (MAT)	45 minutes	50
Scholastic Aptitude Test (SAT) [Sciences, Social Sciences & Mathematics]	90 minutes	100

**Syllabus :** There is no prescribed syllabus. However the standard of questions is conforming to the level of Class X of various Boards
