

Stream allocation criterion for class XI.

Students who opted for Basic Mathematics in class X are eligible for Applied Mathematics only. The criteria for the Stream allocation is as follows based upon the marks obtained in the Pre-board Examination.

1) the preference and merit of the students.

2) For **Science** stream with Mathematics: The minimum aggregate percentage must be 60.6 with minimum of 43/80 marks in each Mathematics and General Science.

For Science without Mathematics : The minimum aggregate percentage must be 60.6 with at least 40/80 in Maths (same for the students who opted for Basic Maths) and 43/80 in General Science.

3) For Commerce and Humanities with Mathematics : Students who secured minimum 30/80 in Mathematics may opt for 'Mathematics (041)'. However the students who secured less than 30/80 in Mathematics will be given 'Applied Mathematics(241)' only.

For Commerce and Humanities without Mathematics : As per choice and merit.
