Dear Parent,

1. We have started the session 2020-21 online for all classes from Nursery to XII.
2. Truly speaking this is a test of the actual partnership between parents and teachers!!
3. Please monitor the device(s) your child uses.
4. Make sure that children don't misuse the online rights and facilities given to them.

Please discuss with your child about being a responsible netizen.

5. a) In case we find any student resorting to cyber bullying or harassment or engaging in any disruption in class, he/ she will not be allowed in class.

b) In case the student is able to maintain anonymity in the midst of disruption all classes of that section will be suspended.

6. In case you find inappropriate content on his/her device, please share with the class teacher
7. Ideally, the students should not be left unattended during online classes. (This may be a problem since most of you are WFH, but please be around if not right there!)
8. There are stringent rules around cyber security (bullying and harassment too) and we don't want any student of ours to face any problem.
9. Kindly ensure that the student is fresh, has had breakfast, and is on time and appropriately dressed (preferably in school uniform) for the classes. He/she must be sitting upright in a healthy posture and uses table-chair during the classes.

If this is the new normal, we will strive together and make it a success... together.

With best wishes

Minakshi Kushwaha
