## INTRA-SCHOOL MODEL UN

---

# SdMUN '19

The Sanatan Dharam Model UN would be of its kind conference at our very own SD I School, Punjabi Bagh.

It'll be a matter of great prestige to be one of the rare circle of elite schools to be Model UN hubs, whereas its effects on the growth of its participants would be multitudinous as well, highly beneficial and a great learning experience for both the participating students, and the organizing ones.

## MODEL UN BACKGROUND

Model UNs facilitate a wholesomely holistic growth in domains of much precedence in the modern world.

The intense discussions, informed deliberations and unyielding negotiations culminate in many structured resolutions being voted upon by the participants, employing the similar procedures and protocols as the United Nations itself. The aim of a MUN is to develop universally acceptable proposals to solve some of the pressing global issues including poverty, health, energy & education, conflict, wildlife & conservation, climate change, imbalanced trade among others. These resolutions will be forwarded to UN itself as youth opinion for active consideration for its own functioning & planning purposes.

Model UN participants & enthusiasts typically pursue global careers professionally delivering high-impact in their chosen fields of work with an aim to build a brighter world. Over 20 million alumni of MUN are already making a significant positive difference in the World. What originally started in 1920 as a simulation of The League of Nations, Model United Nations (MUN) today has been widely accepted as a powerful experiential learning tool across the spectrum of educational institutions. It is estimated that over 2.6 mn students from over 100 countries participate in MUN conferences of varying sizes and impact. The USA alone accounts for 60% of this number although MUN popularity as an educational tool is rapidly developing in other countries including India, China, Brazil & South-East Asia.

## AIMS

- 01 Comprehensive knowledge about various global issues
- 02 A creative thought process to come up with solutions to world problems.
- 03 Skills to negotiate, articulate and market ideas
- 04 Ability to speak with clarity & conviction in large meetings

At a personal level a Model UN engagement stretches the general knowledge & awareness of the participants while sensitizing them to the challenging global issues and the intricate challenges of being a global leader.

The overall conference experience and the associated social agenda also help delegates develop a very useful global peer-network empowering them with the necessary resources to deliver on their ideas in the future.

## TIMEFRAME

- Drafting Committee Details and Background Guides **4th Week of May**
- Training the Executive Board (Alumni) & Recruitment drives **4th Week of May - 1st Week of July**
- Setting up logistical arrangements **Month of June**
- Delegates training and guidance post-enrollment **1st Week of July**
- Executing a Model UN setup **2nd Week of July**
- Successful MUN Conference! **15th-16th July, 2019**

## ELIGIBILITY

In order to be eligible to apply for SdMUN '19, applicants must be 10 years of age or older and enrolled in Sanatan Dharam Public School between grades 5th & 12th during the time-span of the conference (July 15-16th).

The delegate fee will be around Rs. 1,500 per Delegate, which is at the low-end of the standard Model UN fees spectrum (~Rs. 2,500) owing to the conference organizational expenses as well as the research work and other mass communications it entails.

Logistical requirements include extensive printing of banners, certificates and committee placards. Catering on both the conference days, distribution of awards for the rankers. Setting up committee rooms and the social event as well as an arrangements of specific logistics for the ceremonies among other particular objectives.

The responsibility and initiative for all the aforementioned duties and objectives does, and **must**, solely lie with the Secretariat and Council members, as they have designated roles and a natural managerial hierarchy to coordinate together for the same. It's vital for the students to have that opportunity to display the reliable leadership and diligent responsibility that they're brimming with the potential to. It's the essence of a Model UN conference to be directed exclusively by the student bodies.

## CONCLUSION

Having displayed a strong enthusiastic verve to excel in Model UN conferences, the SD ModelUN Secretariat is now rooting to lead the way for a historically revolutionary Model UN to foster critical developmental accomplishments among their peers at SD Public. And in taking charge with such confident aplomb, we gratefully hope for the Management and the Principal's blessings and acknowledgement to execute our proud resolve through and thoroughly.
